Hello! My name is Alejandra Cañón, I am 18 years old. I am studying to be a teacher at ENSDDM. I love art, music, drawing and painting, and I also enjoy nature, animals, and plants. What I love the most are children, and that is why I decided to become a teacher. In my free time, I like to read books, watch movies, listen to music, and look at works of art. I am very happy to be here with you. I hope we can learn many things and have fun together.

**Look! A little bird
with shiny wings!**

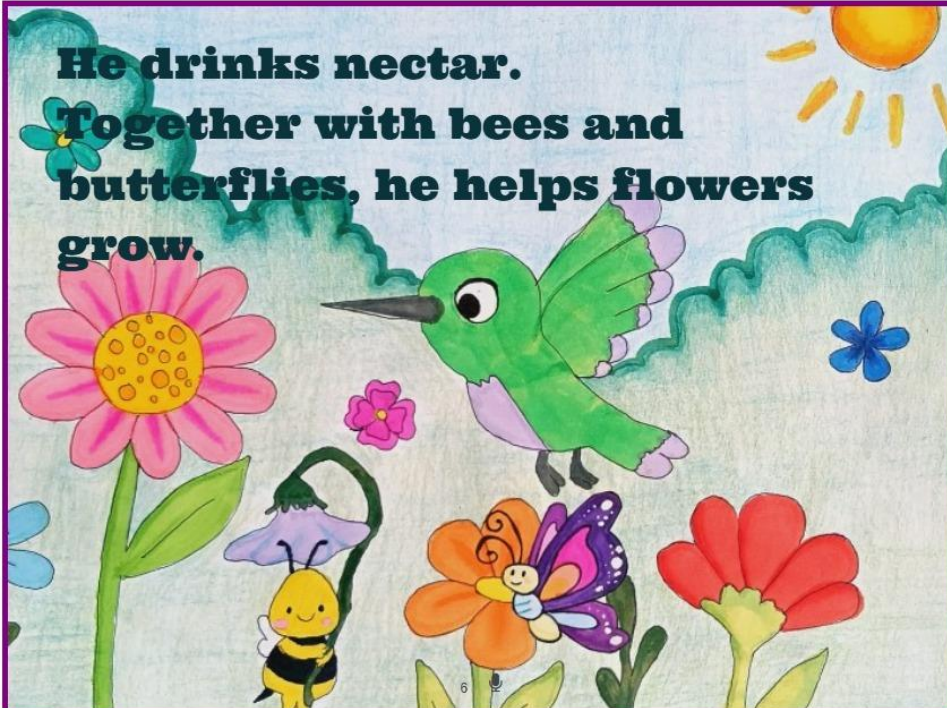

**Bye, little
hummingbird!**

Fly fast and free!

**He drinks nectar.
Together with bees and
butterflies, he helps flowers
grow.**

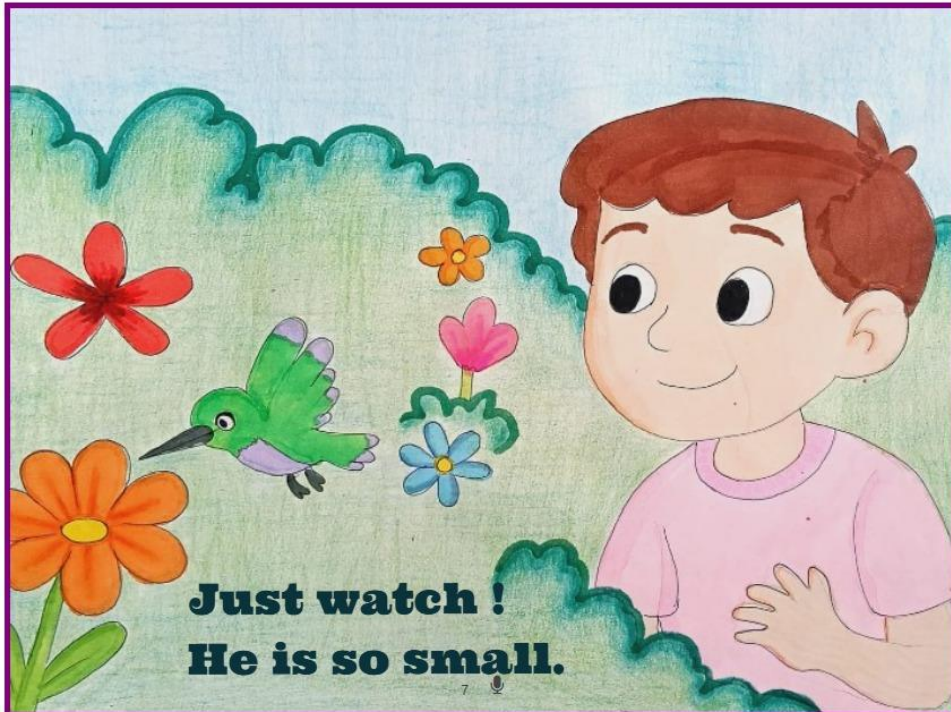

He's very fast!

My name is Laura Garzón. I am 23 years old, I am currently a third semester student at ENSDMM. I like reading and watching animated series.

**Just watch !
He is so small.**

**You can help him!
Give him sugar water.**
